# GIC FY20 Provider List

## Direct Care and Select Care

Fallon Health is pleased to offer our GIC members this listing of providers by their last name. To make things a little easier, we've included the city or town where they practice, as well as their specialty. If you want more detailed information about a provider, including their address and telephone number, call Customer Service at 1-866-344-4442 (TRS 711). This list is accurate as of March 2019. For the most up to date information, please use the find a doctor tool on our website at fallonhealth.org/gic.

**Questions? Just ask!**
If you have any questions, contact Fallon Health Customer Service at 1-866-344-4442 (TRS 711) or visit us on our website at fallonhealth.org/gic.

*Fallon Health & Life Assurance Company is a wholly owned subsidiary of Fallon Community Health Plan.*

18-715-033 Rev. 02 3/20

## Specialist tiering for Direct Care and Select Care

Fallon Health is committed to giving our members access to a network of high-quality, cost-efficient plan doctors and hospitals. Fallon's Direct Care and Select Care plans tier the following specialists based on quality and/or cost efficiency measures: Allergy/immunologists, cardiologists, dermatologists, endocrinologists, ENTs/otolaryngologists, gastroenterologists, general surgeons, hematologists/oncologists, nephrologists, neurologists, OB/GYNs, ophthalmologists, orthopedists, podiatrists, pulmonologists, rheumatologists and urologists. **(Note: Effective July 1, 2019, Fallon's tiering methodology is going from an individual specialist tiering basis to a medical group tiering basis.)** Select Care also tiers hospitals based on cost efficiency. The specialist and hospital tiering works as follows:

★★★ **Tier 1 (excellent)**: This tier includes plan specialists and hospitals practicing at an excellent level of quality and/or cost-efficiency. You will pay the lowest copayment when you see a Tier 1 specialist or hospital.

★★ **Tier 2 (good)**: This tier includes plan specialists and hospitals practicing at a good level of quality and/or cost-efficiency, or a specialist or hospital with insufficient cost-efficiency and quality data. You will pay the prevalent (midlevel) copayment when you see a Tier 2 specialist or hospital.

★ **Tier 3 (standard)**: This tier includes plan specialists and hospitals practicing at a standard level of quality and/or cost-efficiency. You will pay the highest copayment when you see a Tier 3 specialist or hospital.

**GIC NOT TIERED**: This designation represents physicians with either insufficient data for evaluation or that the physician belongs to a specialty or subspecialty that is not being tiered by the health plan. These physicians are assigned the level 2 copayment.

If you are looking for a primary care provider (PCP), simply look for any doctor with a (PCP) next to their specialty. If a doctor does not have (PCP) next to their specialty, they cannot be chosen to be your PCP.

| Name | Tier | Direct Care | Select Care | Specialty | Office | HCO1 |
|---|---|---|---|---|---|---|
