

What is a formulary?

A formulary is a listing of prescription drugs that are approved for coverage by Fallon Community Health Plan. These drugs are classified by therapeutic category or disease class.

Fallon Community Health Plan uses a closed formulary for Direct Care and Select Care Premier II, Premium Saver II, and Premium Saver 2000/500 II plans. The covered prescription drugs are listed on the following pages. The formulary list is limited and drugs not on the following list will not be covered by your prescription drug benefit under any circumstances.

Can this formulary change?

Yes, Fallon Community Health Plan may add or remove drugs from our formulary during the year. If we remove drugs from our formulary during the year, we must notify you of the change at least 60 days before the date that the change becomes effective.

What is a drug class?

A drug class is the group that a specific drug belongs to based on what the drug is used for. Examples of drug classes are antibiotics, antidepressants or diuretics.

What are tiers?

This is the classification that applies to each drug or Durable Medical Equipment (DME). For example, Tier 1: Preferred generic drugs; Tier 2: Non-preferred generic and preferred-brand drugs; and Tier 3: Non-preferred brand-name drugs. Tier 1 drugs tend to have lower copayments than Tier 3 drugs.

What are quantity limits?

For certain drugs, Fallon Community Health Plan limits the amount of the drug per month or day (DY) that FCHP will cover.

Are there any other restrictions on prescription drug coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior authorization (PA):** Fallon Community Health Plan requires that you obtain prior authorization for certain drugs. This means that you will need to obtain approval from FCHP before you fill your prescriptions. If you do not obtain approval, FCHP may not cover the drug.
- **Quantity limits (QL):** For certain drugs, Fallon Community Health Plan limits the amount of the drug per month that FCHP will cover.

What if my drug is not on the formulary?

There may be periodic changes to the drugs listed in this formulary. Please call Fallon Community Health Plan's Customer Service department at 1-800-868-5200 (TDD/TTY: 1-877-608-7677) Monday through Friday, from 8 a.m. to 5 p.m. to determine whether a particular drug is included or excluded from the closed formulary. You may also access our website at fchp.org and click on the Pharmacy and Prescriptions section for a complete listing of the drugs included in the closed formulary.
